

Dnipropetrovsk region

DAMAGED AND DESTROYED

7356 Private residential buildings

1453 Multi-apartment residential buildings

261 Educational institutions

Projects to restore the TC

The 50 communities in the region propose 635 projects aimed at developing and restoring territories, as well as integrating IDPs into the community economy, of which 425 projects have relevant project documentation worth more than \$425 million.

Major repairs, reconstruction or construction are envisaged in 585 projects.

50 projects propose the creation of a mechanism for providing services, such as: safe transportation of passengers with disabilities, improving the quality of public utilities and access to healthcare, ensuring safe conditions for organizing the educational process, etc.

Territorial communities are interested in receiving international assistance to implement recovery projects in the following areas and in the following quantities:

- **157** - educational institutions
- **83** - water supply and sewerage
- **85** - municipal equipment and landscaping
- **82** - roads

- **53** - medical institutions
- **46** - residential buildings
- **36** - provision of services (training of specialists, creation of conditions for the formation of a healthy population, modern space for education, work and integration of IDPs, development of a master plan for the development of territories, etc.)

- **21** - civil protection and fire safety
- **31** - cultural centers and sports facilities
- **20** - administrative buildings
- **7** - tramways
- **3** - energy facilities
