## Interregional Economic Cooperation as a Key Factor in Ukraine's Reconstruction and Economic Growth

Spain was represented by local diplomats, members of the European Parliament, and representatives of the Government of Catalonia, who were familiarized with the current situation and challenges of the Dnipropetrovsk region during the war, the consequences of enemy attacks, the extent of destruction, and the need for reconstruction.

The delegation from the region was headed by Mykola Lukashuk, Chairman of the Dnipropetrovsk Regional Council, and was joined by Valentyna Zatyshniak, Director of the Dnipropetrovsk Regional Investment Agency. Investment projects and the Investment Guide of the region were presented to the participants of the event.

The key to further cooperation was the signing of a memorandum of cooperation between the Dnipropetrovsk Regional Council and the State Agency for Trade and Investment of the Government of Catalonia (ACCIO).

# Events and meetings

## **Working meeting of the regional council leadership with the Czech delegation**

Czech companies presented their areas of expertise and specialization, including water treatment technologies, innovative approaches to wastewater treatment and reuse, and diagnostic capabilities for sewage and water supply systems.

Several companies already have experience in Ukraine, including supplying mobile filtration stations for the territories of Dnipropetrovsk region affected by the aggressor's criminal actions.

The heads of the water utilities familiarized the Czech companies with existing projects to improve and restore the operations of water supply companies in the context of war.

The DIA presented 17 restoration projects in the water supply and sewerage sector to the Czech side.
